GOWTHAM N V K

Lead Product Designer (UI/UX)

Bengaluru, Karnataka, India | +91 9092029300 | nvkgowtham@gmail.com
LinkedIn: linkedin.com/in/gowtham-nvk-ba300b90 | Behance: behance.net/gauthamkannan | Portfolio: Live Projects

PROFESSIONAL SUMMARY

Lead Product Designer with **9+ years** of experience designing enterprise-scale, AI-driven and data-heavy platforms across aviation, automotive, BFSI and SaaS. Specialist in **design systems**, **WCAG 2.2 accessibility**, **conversational AI**, agentic workflows, **computer vision** interfaces and **application modernization**. Translates complex business and technical requirements into scalable, compliant products adopted by **65,000+ users** globally. Partners closely with product, engineering, AI and leadership teams in Agile and Scrum environments. Open to relocation.

CORE SKILLS

UX and Research: User Research, User Interviews, Usability Testing, A/B Testing, Personas, Journey Mapping, Information Architecture, User Flows, Wireframing, Prototyping, Heuristic Evaluation, Metrics-Driven Design, CRO

AI and Emerging UX: Conversational Design, Agentic AI Workflows, Prompt Design, Amazon Nova, Human-in-the-Loop Design, Computer Vision UX, AI Transparency

Design Systems and Accessibility: Design Systems, Atomic Design, Design Tokens, Component Libraries, Style Guides, WCAG 2.2 AA/AAA, Accessibility Audits

Leadership: UX Strategy, Design Governance, Stakeholder Management, Mentoring, Agile, Scrum

Tools: Figma, Miro, Maze, Zeplin, Hotjar, Qualtrics, Stark, Jira, Confluence, Adobe Creative Suite, Google Sites, HTML, JavaScript

PROFESSIONAL EXPERIENCE

Lead Product Designer (UI/UX) | Alten Engineering (Client: Airbus)

Oct 2024 - Present

Bengaluru, India

Accessibility and Design System

- Defined and governed a **company-wide design system** (tokens, components, usage guidelines), improving UI consistency and accelerating design-to-development handoff.
- Embedded **WCAG 2.2 AA/AAA** standards into components and design reviews, mitigating regulatory risk with potential exposure exceeding **EUR 5M**.
- Ran accessibility audits using Stark and assistive technology checks; coached designers and developers on inclusive design patterns.

Conversational AI for Identity and Access Management (IAM)

- Led conversational design for an **agentic AI chatbot built on Amazon Nova**, automating IAM requests such as access provisioning, role requests and password resets.
- Designed intents, dialogue flows, prompt structures, fallback and human-handoff paths, and guardrails for secure, policy-compliant responses.
- Reduced manual support tickets by **50%** and improved operational efficiency by **20%**.

AI Forge: Application Modernization

- Designed a **dedicated application within AI Forge** to modernize legacy enterprise applications, from discovery to high-fidelity prototypes.
- Audited legacy interfaces, restructured information architecture and simplified multi-step workflows for expert users.
- Designed AI-assisted configuration, orchestration and operational dashboard experiences aligned with the design system.

Computer Vision Platform

- Designed end-to-end UX for a **computer vision platform**, covering image and video annotation, model inference review and results dashboards.

- Created **human-in-the-loop** review flows with confidence indicators and exception handling, making AI outputs transparent and actionable.
- Collaborated with product managers, engineers and AI specialists to deliver intuitive, compliant experiences.

Senior Product Designer | Capgemini (Client: Mercedes-Benz)
Oct 2022 - Oct 2024

Bengaluru, India

- Designed an enterprise **Service Ticketing Platform** used across **EMEA and Asia** by thousands of internal users.
- Led discovery, user research, journey mapping and usability testing for the MVP and continuous iterations.
- Built a **scalable design system** aligned with brand and accessibility standards; applied Green UX and systems thinking to reduce cognitive load.

Product Designer | Cognizant Technology Solutions
Sep 2020 - Sep 2022

Bengaluru, India

- Worked with the **Google team on Google Sites**, contributing wireframes, responsive layouts, information architecture and usability testing.
- Designed enterprise dashboards and reporting solutions for **Arthur J. Gallagher & Co.**, supporting **250+ BFSI clients**.
- Simplified data-heavy interfaces through data visualization and heuristic evaluation, improving task efficiency and decision-making speed.

Visual Designer | Brickwork India
Nov 2019 - Apr 2020

Bengaluru, India

- Redesigned UX flows for a telecom mobile app in the Philippines market, increasing adoption by **45%**, validated through A/B testing.

Visual Designer | McKinsey & Company
Jan 2017 - Aug 2019

Chennai, India

- Created branded UI assets and visual systems covering layout, typography, iconography and motion design.

EDUCATION

B.Tech, Instrumentation and Control Engineering
2011 - 2015

Sri Manakula Vinayagar Engineering College, Pondicherry

CERTIFICATIONS

- **Accessibility Core Competencies (CPACC)** Professional Training | IAAP
- **Certified Professional in Visual Design using Photoshop** | Adobe
- **Professional Bootcamp in UI/UX** | Design Boat

AWARDS

- **Future Leader Award** | Capgemini (Mercedes-Benz) | May 2025
- **Excellence in Performance Award** | Cognizant Technology Solutions | Jul 2022
